The indigenous Kogi people of the Sierra Nevada of Santa Marta and according to the different cosmic views and in good relationship with the different cultures have been working with **KOGINKA KAMARU XUE** since the beginning of our ancestral territory and the vision of the ancestral order in relation to the right holding of the Earth, with the purpose of consolidating the acquisition of territory and its spiritual healing by the Mamos from the Law of Origin which allows us to protect the ethnic diversity and culture of the Nation.

Based on this, we have been participating in the union of these two visions through the work that KOGINKA is developing fulfilling the spiritual vision for the benefit of the World, which in company of our Mamos, who have accompanied him during 9 years in North America which has allowed to acquire the ancestral wisdom of Mother Earth.

This is how the Organization Gonawindua Tayrona, and the council of traditional Mamos, support the work that Mama KOGINKA is doing in order to continue aiding all of the Younger Brothers.

Attentively,
